30th Birthday Celebrations: Supporter Toolkit

THE UROLOGY FOUNDATION
30 YEARS

30 years of The Urology Foundation

In 2025, The Urology Foundation is celebrating a momentous milestone as we mark our 30th birthday.

We are incredibly proud of our achievements over the last 30 years and the impact we have made.

During this time, we have invested £10.8 million in ground-breaking urology research, skills training in innovative technologies and practices and education programmes. This has significantly advanced our understanding of urology cancers and conditions and how to treat them. Our work has enabled many researchers to revolutionise urology care, and our ongoing projects across a wide range of conditions are building on our successes.

More recently, we have also made strides in raising awareness of urology health and campaigning to improve outcomes and quality of life. From community outreach events partnering with NHS England to raise awareness of blood in pee as a sign of bladder and kidney cancers, to national campaigns and driving policy change through Parliamentary events and activities, we're now working hard to promote excellent urology for all.

The Urology Foundation has helped to completely transform the urology space and we will continue to drive positive change and lead the fight against urology disease. One major achievement is that we pioneered the introduction of robotic urology surgery, enabling its safe and swift adoption by the NHS. This changed the face of urology cancer surgery.

Our work is transforming lives and building a better future for patients and their families.

Find out more about our achievements in the past thirty years by clicking **here.**

30 YEARS

Donate

If you donate just £10, which is the approximate cost of a bottle of wine, this could cover the cost of a **Need to Pee** card.

The wallet sized card is designed to help those living with urinary incontinence to gain quick access to a toilet when the urge comes.

Donate

Sign up to a challenge event

We have a wide range of events including **Great Manchester Run, Royal Parks Half** and **London Landmarks Half Marathon**.
For those wishing to travel a bit further afield, why not sign up to our **'TUF Trek to Romania'** in September? where you'll explore Transylvania and its rich folklore history, covering between 12-19 km each day. So, a **TUF challenge!**

Add our 30th logo onto your workplace email sign off

We want to get the word out how important urology health is. You can help us to reach more people by including our 30th Birthday logo banner to your email sign off.

Click this link to download and add. Simple!

Attend one of our 'lunch and learn' information sessions

Following the success of our UTI lunch and learn session, we will be hosting further sessions throughout the year, covering a range of urology related conditions with experts within that field. Or we can arrange in person sessions within a workplace, which can be useful for some people who might not be desk based or have access to a PC.

Commit to support us during Urology Awareness Month

UROLOGY Awareness MONTH 2025 | MEN'S Urology HEALTH

September is our spotlight moment to raise awareness, we have lots of fun and exciting activities planned, join the campaign and help us to transform urology disease by getting involved.

Sign up here by clicking this link to find out more.

Nominate us as a charity partner in your workplace

We would love for you and the company that you work for to choose The Urology Foundation as your next charity partner. Every partnership is unique, and we would work with you to create a fun and engaging partnership to inspire your workplace. **Why not make it a year to remember and choose us.**

Organise a fundraising event

Who doesn't love a piece of cake or something sweet to eat! **BAKE4TUF** is one of the easiest fundraising events you could organise and, even better, we have **LOTS** of editable bits and pieces to decorate your baked goods. If cakes aren't you're thing, there's plenty of options available such as pub quiz, sponsored walks, sweepstakes (we have kits available) to name a few.

Support a campaign

Can you help promote awareness of one of many urology health campaigns? From men's health to continence we have materials to help support education and awareness in the workplace.

Take a look by clicking here and see when you can get on board.

Sponsor an event or an award

Can you help support one of our training workshops or our Urology Nurse Award? Supporting our urology nurses and consultant is important in securing a brighter future for those who face urology disease.

Get in touch with the team to explore all our exciting opportunities.

Interact and share our posts on social media

Our social media pages help us to deliver campaigns, grant information, upcoming events and much more. We want to increase the number of followers and interactions that we have and we can only do that with **YOUR** help!
Throughout the year, we'll be posting highlights of what The Urology Foundation have achieved over the last 30 years, and what's to come. Please like, share, comment on our platforms.
