For a truly personal card send us one of your own photographs* for us to make your Christmas Card from.
AND / OR
We can print a personalised message* inside your cards to make them individual to you.

Cards with a difference, that make a difference

If you are looking for **something more individual** to send to family and close friends then look no further. Our Events Manager Serena Wyman also runs a small and successful business making handmade photographic cards using her own photography.

High quality 7" x 5" in size with an **individual hand-mounted colour photograph** measuring 6" x 4" and in addition signed by Serena.

Whilst Serena's individual cards normally retail in galleries and shops at £2.75 each we are delighted to be able to offer TUF supporters the following special offer.

Pack of 10 handmade cards for £15 with 30% donated to TUF

In addition we are able to offer **TWO ways to personalise your cards**. Personalised inside message service enabling you to have your own greeting or address printed inside the card **OR**

For a truly personalised card we **can hand mount your own photograph*** and print on the card back your photograph title and show you as the photographer (for this service you will need to supply a high raw or jpg image by email)

Personalisation cost: £10.00 per order* for using your own photograph and/or printing your personalised greeting / address

• *NB. The personalisation service is only available on minimum orders of 30 cards or more.*

Please note that on cards with personalised greetings we do not include the words Season's Greetings unless it is included in the copy you give on the order form

We are able to offer you the five illustrated designs in packs of 10 cards or a mixed pack of 10 cards made up of 2 cards of each design. The message inside the cards reads **"Season's Greetings"**

If you have any queries, or want to see a larger version of the images, please contact Serena Wyman on 01449 737971 or at swyman@theurologyfoundation.org
